

1. Nonlinear wave equations, IHP, Paris, May 21–24, 2013
2. Sixteenth Riviere-Fabes Symposium in Analysis and PDE (2 lectures), April 19–21, 2013
3. Infinities and Cosmology, DAMTP, March 18–22, 2013
4. Miami Waves, December, December 18–21, 2012
5. Poincaré Symposium, Brown University, December 13–14, 2012
6. Department Colloquium, University of Edinburgh, December 7, 2012
7. Basel-Fribourg-Zurich analysis seminar, Fribourg, November 30, 2012
8. Mathematics Colloquium, EPFL, Lausanne, November 29, 2012
9. Gravity and holography workshop, ENS, Paris, October 29–31, 2012
10. Workshop in numerical relativity, Oppurg Schloss, October 11–13, 2012
11. Conference in Spectral Theory, St. Petersburg, Russia, July 2–6, 2012
12. Σεμινάριο Τομέα Μαθηματικών, ΣΕΜΦΕ, ΕΜΠ, Athens, June 25, 2012
13. 14th Νεώτερες Εξελίξεις στη Βαρύτητα Conference, Hania, Crete, June 20–23, 2012
14. 14th Panhellenic Conference in Analysis, Patras, May 20, 2012
15. Evolution equations workshop, Oberwolfach, May 13–19, 2012
16. Evolution equations workshop, Northwestern, May 4–6, 2012
17. Oxbridge PDE days, Cambridge, April 17–18, 2012
18. Seminaire Bourbaki, Paris, March 24, 2012
19. Mathematical Relativity Seminar, Université Pierre et Marie Curie, Paris, March 22, 2012
20. GR Seminar, Southampton, February 2, 2012
21. GR Lunch Seminar, DAMTP, Cambridge, January 27, 2012
22. Workshop on Collapse in GR, Miami, January 10–13, 2012
23. 7th International Conference on Gravitation and Cosmology, Goa, India, December 14–19, 2011
24. GR Workshop, Durham, December 3, 2011
25. High energy physics/General relativity Colloquium, DAMTP, Cambridge, November 9, 2011
26. Mathematics Colloquium, University of Cardiff, October 19, 2011
27. Department Colloquium, Princeton, September 28, 2011
28. Gravity Seminar, Princeton, September 23, 2011
29. Hyperbolic conservation laws and related analysis, Edinburgh, September 21, 2011
30. “Do we understand gravity?” Meeting, London, September 16, 2011
31. Dynamics of General Relativity, Schrödinger Institute, July 18–25, 2011
32. Numerical Relativity beyond Astrophysics, Edinburgh, July 11–15, 2011
33. Conference on geometric analysis, Edinburgh, June 20–24, 2011
34. Rencontre entre physiciens théoriciens et mathématiciens, Strasbourg, June 16–18, 2011
35. Workshop on nonlinear dispersive equations, ETH Zürich, June 6–10, 2011
36. Colloquium, University of Bonn, June 1, 2011
37. Clay Research Conference, Harvard, May 16–17, 2011
38. 41st Barrett Memorial Lectures in Mathematical Relativity, Knoxville, Tennessee, May 11–14, 2011
39. Postgraduate student seminar, University of Birmingham, March 30, 2011
40. Asymptotic Properties of Solutions of Hyperbolic Equations, Imperial College, March 21–25, 2011
41. Resonances and scattering in general relativity, University of Bourgogne, Dijon, March 9–11, 2011
42. Analyse Géométrique, Luminy, France, January 17–21, 2011

43. Colloquium, University of Warwick, October 29, 2010
44. Geometry and physics in Cracow, September 21–25, 2010 (2 lectures)
45. Nonlinear waves and dispersive equations, Oberwolfach, September 12–18, 2010
46. Global problems in mathematical relativity, Maxwell Institute, Edinburgh, September 1–8, 2010
47. Dynamics in Samos, August 31–September 3, 2010
48. Current topics in Mathematical physics (4 lectures), Aarhus, July 26–31, 2010
49. École d'été franco-asiatique, IHES, July 21, 2010 (2 lectures)
50. 19th International Conference on General Relativity and Gravitation, Mexico City, July 5–9, 2010
51. General Relativity Workshop, Banff International Research Station, Alberta, Canada, June 20–25, 2010
52. Papastrateio Megaro, Agrinio, June 9, 2010 (public talk)
53. Mathematical Relativity Conference, Granada, April 5–9, 2010
54. International Conference on Nonlinear PDE and Related Analysis/Applications, Northwestern University, March 20–24, 2010
55. PDE Seminar, Oxford, February 8, 2010
56. LMS meeting in Harmonic Analysis and PDE, Warwick, December 14, 2009
57. Paris-London Analysis Seminar, Institut Henri Poincaré, December 4, 2009
58. Mathematical Physics Seminar, University of York, December 3, 2009
59. Applied Mathematics Seminar, University College London, November 30, 2009
60. Workshop in General Relativity, Simons Center for Geometry and Physics, Stony Brook, November 16–20, 2009
61. Workshop in Mathematical General Relativity, Paris 6, November 4–6, 2009
62. CMS Colloquium, Cambridge, October 19, 2009
63. Mathematical Aspects of General Relativity, Oberwolfach, October 11–17, 2009.
64. Fourth French-Tunisian PDE meeting, Hammamet, Tunisia, September 28–October 2, 2009
65. Black holes in general relativity (2 lectures), MSRI, Berkeley, September 14–17, 2009
66. Partial Differential Equations Session, International Congress on Mathematical Physics, Prague, August 3–8, 2009
67. Geometry of Einstein manifolds workshop, University of Nantes, June 29–July 3, 2009
68. Asymptotics and singularities for non-linear waves workshop, Institut Henri Poincaré, April 27–30, 2009
69. The Conference on Geometry, Warsaw, April 6–8, 2009
70. High Energy Physics Seminar, University of Durham, March 20, 2009
71. Seminar, University of Bilbao, March 18, 2009
72. High energy physics/General relativity seminar, DAMTP, January 28, 2009
73. Analysis Seminar, Princeton, December 1, 2008
74. Current Developments in Mathematics Conference, Harvard, November 21–22, 2008
75. Spanish relativity meeting, Salamanca, September 15–19, 2008
76. Mittag-Leffler Institute, Stockholm, September 1–27, 2008 (4 lectures)
77. Conference on nonlinear dispersive equations, İstanbul, August 25–29, 2008

78. Clay Summer School, Zürich, June 23–July 18, 2008 (6 lectures)
79. Hyperbolic equations in relativity, Bordeaux, June 16–20, 2008
80. Triennial Differential Geometry Conference, Harvard University, May 4, 2008
81. Department Colloquium, Columbia University, April 30, 2008
82. Analysis Seminar, Princeton University, April 28, 2008
83. Seminar, Institut Henri Poincaré, Paris, April 22, 2008
84. Niels Bohr Academy, Copenhagen, April 17, 2008
85. Mathematical Aspects of General Relativity, Niels Bohr Academy, Copenhagen, April 16, 2008
86. Theoretical Physics Seminar, Imperial College, January 22, 2008
87. Mathematical Physics Seminar, Ludwig-Maximilians-Universität München, January 11, 2008
88. Mathematisches Kolloquium, Ludwig-Maximilians-Universität München, January 11, 2008
89. Differential Geometry/PDE Seminar, University of Washington, November 28, 2007
90. Department Colloquium, University of Washington, November 27, 2007
91. Analysis/PDE seminar, MIT, November 22, 2007
92. Analysis Seminar, Courant Institute, November 15, 2007
93. Analysis Seminar, University of Pennsylvania, November 13, 2007
94. Analysis Seminar, Johns Hopkins University, November 12, 2007
95. Differential Geometry Seminar, Harvard University, November 6, 2007
96. MIT, Fall 2007 (6 lectures)
97. Evolution equations and self-gravitating systems, Albert Einstein Institute, Potsdam, September 14, 2007
98. Nonlinear hyperbolic equations and related topics, De Giorgi Centre, Pisa, September 3–8, 2007
99. Analysis and Geometric Singularities, Oberwolfach, August 19–25, 2007
100. Relativity Seminar, University of Oxford, May 1, 2007
101. High Energy Physics Seminar, University of Durham, April 27, 2007
102. Kuwait Lecture, Kuwait University, March 27, 2007
103. Lecture, Public Authority for Applied Education and Training, Kuwait, March 25, 2007
104. PDE Seminar, Brown University, March 9, 2007
105. PDE Seminar, University of Maryland, March 1, 2007
106. Department Colloquium, Princeton University, February 28, 2007
107. PDE Seminar, Université Paris-Sud XI (Orsay), January 18, 2007
108. Applied Mathematics Seminar, University of Crete, December 21, 2006
109. General Relativity Seminar, University of Southampton, December 14, 2006
110. Analysis Seminar, University of Warwick, November 16, 2006
111. Particle Physics Seminar, University of Sussex, October 30, 2006
112. Global Problems in Mathematical Relativity, Newton Institute, October 10, 2006
113. Nonlinear evolution problems, De Giorgi Centre, Pisa, September 22, 2006
114. International Conference on Modern Mathematical Methods in Science and Technology, Paros, September 9, 2006
115. 2nd Interdisciplinary Symposium on Mathematical Modeling in Modern Technologies and Economics, NTUA, Athens, September 5, 2006.
116. Geometric and Nonlinear Analysis, Banff International Research Station, Alberta, Canada, August 12–17, 2006.
117. International Congress of Mathematical Physics, Rio de Janeiro, August 6, 2006.

118. Cosmological Singularities Session, Marcel Grossmann Meeting, Berlin, July 23, 2006.
119. Mathematical Physics seminar, Université de Bordeaux I, May 23, 2006.
120. Partial differential equations seminar, Trinity College Dublin, May 5, 2006.
121. Relativity seminar, DAMTP, University of Cambridge, April 28, 2006.
122. British Mathematical Colloquium 2006, Newcastle upon Tyne, April 8–13, 2006.
123. Geometry Seminar, Imperial College, March 3, 2006.
124. Mathematical Physics Seminar, DAMTP, University of Cambridge, February 28, 2006
125. Mathematical Aspects of General Relativity, Oberwolfach, January 10, 2006.
126. Seminar, Department of Mathematics and Physics, Osaka City University, December 5, 2005.
127. 15th International Workshop on General Relativity and Gravitation, Tokyo, November 28–December 2, 2005.
128. Joint Applied Mathematics/Analysis/Geometry Seminar, University of Edinburgh, September 24, 2005
129. Minisymposium on black holes, Newton Institute, University of Cambridge, September 2, 2005.
130. Euroconference on Global General Relativity, Newton Institute, University of Cambridge, August 22, 2005.
131. Mathematics Summer School, University of Crete, July 18, 2005
132. Nonlinear Evolution Equations, Oberwolfach, June 8, 2005
133. Recent Advances in Calculus of Variations and PDE's, Pisa, March 3, 2005
134. Geometry and Analysis Seminar, University of Oxford, February 14, 2005
135. Analysis Seminar, University of Cambridge, February 9, 2005
136. Analysis Seminar, ETH Zürich, February 1, 2005
137. Applied Math Colloquium, Penn State, December 3, 2004.
138. Pure and Applied Mathematics Seminar, University of Bath, October 22, 2004.
139. 10th Hellenic Conference on Mathematical Analysis, Athens, September 30, 2004
140. 19th International Conference on General Relativity and Gravitation, Dublin, July 22, 2004.
141. Singularity Formation in Nonlinear Evolution Equations, Schrödinger Institute, Vienna, July 12, 2004.
142. Recent Developments in Gravity, Mytilene, June 3, 2004.
143. International Conference on Mechanics and PDEs, Madison, April 30, 2004.
144. Applied Mathematics Colloquium, Columbia University, February 17, 2004.
145. DPMMS, University of Cambridge, January 19, 2004.
146. Colloquium, University of Washington, January 15, 2004.
147. P.D.E. Seminar, Northwestern University, January 13, 2004.
148. Colloquium, University of Minnesota, December 12, 2003
149. Differential Geometry/P.D.E. Seminar, University of Washington, December 2, 2003.
150. Differential Geometry Seminar, Harvard University, November 18, 2003.
151. P.D.E. Seminar, Northwestern University, November 11, 2003

152. Joint Analysis Seminar, Princeton University, November 6, 2003
153. Workshop on the Interaction of Gravity with Classical Fields, University of Montreal, October 5, 2003
154. Seventh Hungarian Relativity Workshop, Sarospatak, August 14, 2003
155. Applied Mathematics Seminar, University of Crete, July 24, 2003
156. Conference on Hyperbolic Models in Astrophysics and Cosmology, Cambridge University, June 24, 2003
157. Applied Mathematics Seminar, University of Massachusetts Amherst, March 25, 2003
158. Applied Mathematics Seminar, University of Toronto, March 7, 2003
159. Conference on General Relativity, Oberwolfach, February 14, 2003
160. Conference on 50 years of the Cauchy problem in General Relativity, Cargese, August 2, 2002
161. Colloquium, University of Athens, June 27, 2002
162. General Relativity Workshop, Stanford University, May 28, 2002
163. Conference on Dispersion Equations and Curvature, Oberwolfach, April 25, 2002
164. Analysis Seminar, ETH Zurich, January 21, 2002
165. Differential Geometry Seminar, Harvard University, November 20, 2001
166. Conference on Noncompact Variational Problems and General Relativity, in honor of H. Brezis and F. E. Browder, Rutgers University, October 18, 2001
167. PDE Seminar, Brown University, October 12, 2001
168. Differential Geometry Seminar, MIT, September 17, 2001
169. Relativity Seminar, Oxford University, May 29, 2001
170. Conference on Nonlinear Evolution Problems, Oberwolfach, May 21, 2001
171. Calderon-Zygmund Seminar, University of Chicago, February 5, 2001
172. Analysis Seminar, Courant Institute, January 30, 2001
